

## **2011 SWCD Cover Crop Breakfast Program**

A meeting was held in March at the Evansville Black Buggy Restaurant for producers who participated in the 2010 SWCD Cover Crop Program. The purpose was to regroup and discuss successes and failures from last year so we can improve this year's program.

Marty Finney of Daylight Farm Supply kicked off the meeting by sharing his in depth knowledge of cover crop establishment and their benefits to soil structure and crop production.

Jesse Ueboelhor of Superior Ag showed slides taken recently of local successful cover crop establishments. The meeting was opened for discussion and several operators talked about their experiences with various cover crop types.

The meeting was a huge success with over 40 operators in attendance from Gibson, Posey, Vanderburgh and Warrick Counties. A special THANKS goes out to Superior Ag for sponsoring the meal. For more information on the 2011 Cover Crop Program, contact your local SWCD office.
